

Solos Endoscopy Retains TUV SUD America to Complete ISO 13485 Certification and Audit

BOSTON, Aug. 21, 2012 /PRNewswire/ -- Solos Endoscopy, Inc. ([SNDY](#)) is pleased to announce that the Company has retained TUV SUD America, Inc. to complete its ISO 13485 Certification and Audit.

Solos Endoscopy previously engaged Expert Resource to prepare the Company for the final audit, which will be conducted by TUV SUD America. Expert Resource will attend the final audit, and help interpret any findings. According to Expert Resource, their consultants maintain a 100% success rate of passing the final audit on the first attempt.

TUV SUD Product Service is accredited by the ZLG in Bonn, Germany, as a Certification Body for quality management systems to the ISO 13485 standard. TUV SUD also holds accreditation with the Standards Council of Canada (SCC) and Health Canada for the Canadian Medical Devices Regulations. In addition, TUV SUD is a Notified Body for certification to all relevant EU Directives. With this complete service package, TUV SUD can assist medical companies in accessing markets nationally, in Europe, and globally.

Solos Endoscopy joins a high profile Expert Resource client list which includes BASF, Black & Decker, Dow Precision, Hitachi, J.D. Power & Associates, Microsoft Corporation, Northrop Grumman, Quest, and Toshiba, amongst many others.

Solos Endoscopy instruments are FDA approved. Upon Solos Endoscopy's receipt of its ISO 13485 Certification, the Company will be able to place the CE Mark on its entire instrument line. Both Solos and Expert Resource believe the ISO 13485 Certification and CE Mark initiative will be completed within the next 5 months.

Expert Resource is an international consulting and training firm specializing in business improvement initiatives. ER helps medical device and medical laboratory companies implement ISO 13485, ISO 15189, ISO 14971, or GMP quality systems, obtain the CE Mark, submit FDA 510(k) applications, assist with clinical trials, and more.
