

Solos Endoscopy Finishes 2012 Strong

BOSTON, Jan. 16, 2013 /PRNewswire/ -- Solos Endoscopy, Inc. (SNDY) is pleased to announce that the Company experienced an approximate 16% increase in sales for the twelve months ended 2012 compared to 2011. Solos Endoscopy finished 2012 with \$395,038.76 in sales, a 16% increase over 2011 sales of \$340,626.22.

Solos Endoscopy's increase in sales for the twelve months ended 2012 can be attributed to a strong fourth quarter where the Company had three months of sales increases compared to the prior year. In October, Solos Endoscopy posted sales of \$37,274.90; this represented an approximate 36% increase from the year prior sales of \$27,455.52. In the month of November, sales increased by more than 53%; with sales of \$27,818.96 for November 2011 compared to \$42,631.56 for November 2012. In December 2012, Solos Endoscopy posted sales of \$42,043.02 compared to \$21,363.69 for the same period in 2011; this represented a 97% increase.

Solos management is pleased that it has been able to achieve these sales increases without any significant changes to its pricing or operations. In addition, management has previously announced that it has taken steps to increase the shelf life of its sterilized endoscopic instruments which should allow hospitals to order product in larger quantities. Solos Endoscopy posts its financial reports and disclosures according to OTC Market Guidelines. These disclosures can be viewed at <http://www.otcmarkets.com/stock/SNDY/filings>.

Solos Endoscopy instruments are FDA approved. The Company recently retained TUV SUD America, Inc. to complete its ISO 13485 Certification and Audit on its instruments including the MammoView®. The Company previously engaged Expert Resource to prepare the Company for the final audit. Expert Resource will attend the final audit, and help interpret any findings. According to Expert Resource, their consultants maintain a 100% success rate of passing the final audit on the first attempt. Solos Endoscopy has posted its updated ISO 13485 CE Mark Schedule on its website, <http://solosendoscopy.com/pdf/SNDY-ISO-13485-CE-Mark-Project-Schedule-October-2012.pdf>.
